Please give your answer to each of the following questions and please include your rationale with each answer. Please be concise and clear.

1.

Please describe the qualifications and experience that make you the best candidate in your political race.
Answer: Current state rep for 2 terms

2.

Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).
Answer: Border security. I am the one with the experience and proven record of being an effective conservative member of the House.

3.

What will be your top 3 priorities during your upcoming term?
Answer: Continuing my work on child and family issues and parental rights, crime and abuse related issues, making sure the reforms that are made to Insurance and Medicaid are conservative as those are the committees I serve on.

4.

What are your suggestions toward public education funding within Texas? What are the areas where wasteful spending can be reduced, areas of revenue enhancement, or ideas to increase efficiency in public education spending?
Answer: We need school choice in Texas and we need our public schools funded. Many times admin costs can be cut. School districts should be applying for grants and the teacher incentive allotment. We need to reform recapture. Since most Texas children are educated through the public school system we must make sure it is funded, and we must make sure those dollars are used properly and efficiently.

5.

What are your positions in regard to school choice for Texas public schools? Do you support Governor Abbott's plan?
Answer: Yes, I support school choice.

6. What ideas do you have to tighten election integrity laws to better secure Texas elections?
Answer: I do not serve on the Elections Committee so I believe people like Representative Swanson, Schofield, DeAyala, Cain and Senator Bettencourt have done a wonderful job and I take their lead on this issue. We passed some major reforms this past session. I am open to helping in any way I can on this issue.
7. What initiatives will you propose to help the voters in your district?
Answer: Most of my bills are related to family and parental rights and crime/abuse issues to help victims, along with some healthcare and insurance bills. I will continue to author and pass bills like this that help everyone in my district. My favorite bills and issues are the ones that constituents bring to me.
