

## Questions for Candidates for US Congress Offices from the Conservative Coalition of Harris County

*Our questionnaire is designed to give the candidate space to indicate their reasons and opinions concerning issues surrounding their races. This questionnaire will be posted onto the Conservative Coalition of Harris County website for public voter viewing.*

Candidate Name	Position for which Candidate is Running
Aaron Ray Hermes	US House TX-18

*Please give your answer to each of the following questions and please include your rationale with each answer. Please be concise and clear.*

1. Please describe the qualifications and experience that make you the best candidate in your political race.

**Answer: I'm an artist, deep thinker, visionary and out of the box problem solver like none other -with an excellent understanding of the legal system and U.S. Constitution. Human Rights have become an afterthought in today's political landscape. I'm bringing awareness back regarding what they are and where they come from. I'm not just another lawyer trying to smooth talk my way into DC, and my integrity isn't for sale.**

2. Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).

**Answer: Human Rights, the Border, Election Integrity and Taxes are near the top. I have viable solutions for these issues that can gain bipartisan support. The competition offers no solutions.**

3. What will be your top 2 or 3 priorities during this upcoming term?

**Answer: Applying my knowledge of Human Rights and the US Constitution to every policy decision. Eliminating income tax for the bottom 50% of wage earners. Vastly improving border security. Upholding existing laws. Internet Bill of Rights.**

4. What is your position about massive immigration over our southern border? Should the federal government renew financing and building the border wall with Mexico?

**Answer: At this point, what's happening at the border could be considered treason from the top down. Absolutely, we need to finish the planned wall.**

5. Should the US Congress legislate that November elections are under Federal control rather than the states regulating their own elections? What is the Federal government's role in setting voting rules and procedures for these elections, if any?

**Answer: No. However, I believe Congress can enact a national set of standards states must adhere to in order to protect the democratic voice of the people. I already have a fool proof plan that solves election integrity using these tools: hand marked paper ballots, blockchain tabulation open source software, voter ID, an online system to make sure your vote's been tallied correctly after the fact without compromising voter anonymity, and other redundant protections.**
