|    | <b>Answer: As a member of the Texas House, I have been ranked one of the top 5 most conservative legislators during the last three sessions (according to the Rice Scorecard, Texans for Fiscal Responsibility). From removing Critical Race Theory and the social transitioning of children from Texas classrooms to banning foreign adversaries from owning Texas land, I have led the fight on some of the most important issues in the state. I was also proud to be endorsed by President Trump in both my 2022 and 2024 re-election campaigns.</b> |

| 2. | Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).                                                                                                                                                                                                              |
|    | <b>Answer: Congressional District 2 is one of the most conservative districts in Texas, and our community deserves a representative who will work with President Trump to advance the America First agenda and be their advocate in Congress. My opponent is more focused on getting rich and famous off taxpayer dollars than representing the conservative values of this district.</b> |

3. What will your top 2 or 3 priorities be during this upcoming term?
- Answer: President Trump has done an incredible job securing our Southern Border and rolling back many of the disastrous Biden Administration policies. Our top priority must be to codify President Trump's executive orders so the next liberal administration cannot undo all with the stroke of a pen.**
- During my time in the State House, our team has prided ourselves on being accessible and responsive to constituents. Delivering real results for our constituents will always remain a top priority of my office.**
4. What are your solutions to identifying and cutting fraud and waste in the federal budget?
- Answer: We must elect real conservatives to Congress who are there to serve the taxpayers, not themselves. Too few Republicans, and none of the Democrats, are willing to cut the waste and abuse that has been identified during this administration. As a small business owner, I know how to operate efficiently and within a budget. It's time Congress do the same.**
5. What are the most important issues that Republicans need to focus on in order to maintain control of the US House in the November 2026 election?
- Answer: In order to maintain our majority, we must remain focused on election integrity. Mass illegal immigration under the Biden Administration provided the Democrat Party with a large, illegal voter base, and Democrats believe that the ends justify the means. Same day registration, drive through voting, and voting without an ID must be stopped. Ballot by mail and absentee voting should be limited to our US Service Personnel.**

## About Steve Toth

An ordained minister and small business owner, Steve Toth knows what's at stake when Republicans cede ground to the progressive left and lose sight of our strong conservative values. Family, faith, and freedom are the cornerstones of America – and Steve is ready to defend them in Washington D.C.

During his tenure serving his constituents in the Texas House, Steve Toth earned his reputation as a bold, conservative champion. Steve has stood against liberal policies, even when they came from within his own party, serving as a voice for conservatives across the state.

Steve has consistently been ranked as one of the most conservative legislators in the Texas House while delivering real wins for Texans. His landmark legislation banning both Critical Race Theory and the social transitioning of children in Texas schools is being used as a model in states across the nation. Steve also secured billions in funding for border security initiatives as a member of the Appropriations Committee. Steve has always fought for Texas families and will never back down from doing what is right.

Steve has served as a pastor and is the Chair of the Texas Prayer Caucus, organizing members and guests to gather in praise, worship, and pursuit of Jesus Christ. He and his wife, Babette, have been married for 41 years and are actively engaged in their church in Montgomery County. The Toths have several children and grandchildren, and Steve is running to fight for their futures.
