|----|---|
| 1. | Please describe the qualifications and experience that make you the best candidate in your political race. |
| | Answer: I'm was born here and am a lifelong resident. My family started our business here and we have created hundreds of jobs. I'm our companies CFO so I know how to balance a budget. I earned an MBA and a JD from Columbia University after graduating from Rice. I've led our nation's trade delegation to the UAE to fight for more jobs at home. |

| 2. | Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s). |
| | Answer: Because I can beat Lizzie Fletcher. I will bring a message that will reach voters who never before considered voting for a Republican before and I will bring the funds necessary to get that message out. The most important issues are affordability, public safety, and educational opportunities. |

|----|---|
| 3. | What will your top 2 or 3 priorities be during this upcoming term? |
| | Answer: Making America more affordable for working families. Inflation got out of control during the Biden era, and too many Americans are struggling to get by. |

4. What are your solutions to identifying and cutting fraud and waste in the federal budget?
- Answer: First, we need a representative who supports real cuts and consolidation. Lizzie Fletcher has voted for more government and more spending at every opportunity. Second, I'd like to create incentives for people inside and outside the government to identify waste by paying a bounty of a small percentage of the savings that person identifies. By holding the line on spending and increasing economic growth – and the tax base with it – we can close the deficit and start paying down the debt.**
5. What are the most important issues that Republicans need to focus on in order to maintain control of the US House in the November 2026 election?
- Answer: The same issues I'm on and how they contrast with our Democrat opponents: We support lower taxes, less regulation, and better affordability – our Democrat opponents created the affordability crisis. We support imprisoning dangerous criminals deporting criminal illegals, the Democrats set them loose on our streets and welcomed them into our country. We support parental choice in education, Democrats want to fund teachers unions.**
- This is a winning message that cuts across party lines.**
