1. Please describe the qualifications and experience that make you the best candidate in your political race.

2. Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).

**Answer:** My highest priority is to offer improved Healthcare, both short and long term, to all Americans. 3. What will your top 2 or 3 priorities be during this upcoming term?

**Answer:** During the current term, I will advance novel solutions to 1) improve cost and quality of health care, 2) increase public safety, 3) ensure access to quality education for all Americans from preschool through college.
4. What are your solutions to identifying and cutting fraud and waste in the federal budget?

**Answer:** Too many bills are approved in Congress with little or no money allocated for auditing the outcome. In other words, BILLIONS of dollars are being handed out by the government without anyone checking to make sure the recipients are the legitimate intended recipients. This fraud can only be discovered and reversed by auditing government payouts to verify the legitimacy of the people receiving the money.

5. What are the most important issues that Republicans need to focus on in order to maintain control of the US House in the November 2026 election?

**Answer:** I believe that 1) Healthcare and 2) Cost of Living are the critical issues that we must focus on in order to ensure that we retain our majority in the US House.
