Candidate Name	Position for which Candidate is Running
Wesley Hunt	U.S. Senate

Please give your answer to each of the following questions and please include your rationale with each answer. Please be concise and clear.

1.

Please describe the qualifications and experience that make you the best candidate in your political race.
<p>Answer: I am a young, America First patriot who has served my country in combat and is now serving in the halls of Congress. I graduated from the United States Military Academy at West Point, and collectively, my immediate family has served 60 years. I was deployed to Iraq, where I flew 55 combat missions, and later deployed to Saudi Arabia, where I spent two years as a diplomatic liaison.</p> <p>While in Congress, I have introduced and passed a robust amount of legislation. I traveled across this great country as a top surrogate for President Trump during the most consequential election of our lifetime, and I know what it means to put America First. I believe in a strong southern border, a strong military, American innovation, and protecting Texas values, including our Second Amendment right to bear arms.</p>

2.

Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).
<p>Answer: The most significant issue facing Texas is ensuring that our southern border remains secure. President Trump stopped the invasion that was occurring in this country through executive action. Now it is time for Congress to codify President Trump's work to ensure that our communities stay safe and Americans are put first.</p>

3.

What will your top 2 or 3 priorities be during this upcoming term?
<p>Answer: As a Senator for the great state of Texas, my top priorities will be codifying President Trump's accomplishments into law—including border security, lowering the cost of living, cutting burdensome regulations on the oil and gas industry, and</p>

ensuring that Texas laws and values are upheld by firmly opposing any efforts to impose Sharia law or undermine our constitutional principles.

4. What are your solutions to identifying and cutting fraud and waste in the federal budget?

Answer: The greatest threat to this country is the national debt. Addressing it requires sustained, structural reforms to federal spending, including strengthening oversight mechanisms and expanding efforts to identify and eliminate fraud, waste, and abuse across the federal government. Restoring fiscal discipline is essential to safeguarding economic stability, national security, and future generations.

5. What are the most important issues that Republicans need to focus on in order to maintain control of the US Senate in the November 2026 election?

Answer: Republicans must focus on codifying President Trump's agenda. President Trump won the last election overwhelmingly on the promise to secure our southern border, lower the cost of living for all Americans, cut regulations on the oil and gas industry, and put America First. It is Congress's responsibility to ensure that these efforts cannot be undone when Democrats regain control of the White House. These priorities must be codified into law so that the America First movement continues long after President Trump leaves office.
