Our questionnaire is for candidates to indicate their reasons and opinions concerning issues surrounding their races. This questionnaire will be posted onto the Conservative Coalition of Harris County website for public voter viewing.

Candidate Name	Position that Candidate is Running For
Charles Andrew Crouch	Governor

1. Please describe the qualifications and experience that make you the best candidate in your political race.

Answer: I'm a man of God and will lead the people of Texas towards God. All other qualifications are vanity and self-seeking. Navy SEAL, Business Owner, Author 'A Leader After God's Own Heart'.

2. Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).

Answer: Texas is in an identity crisis. As governor, I will proclaim that Texas is a Christian state in a Christian nation. We will do this in every sector, including education.

We can have a fully functional electric grid, secure borders, and the best economy in the world. But if we don't fix our identity issues, we will be a prosperous and secure secular state in just a few short years.

3. What will be your top 3 priorities with the state legislature during your upcoming term?

Answer: Education Bulldozing, exchanging property taxes for a sales tax on non-essential items, establishing a State Identity. Also, creating the 'Love a Mother Initiative' to help expecting mothers, the Great Texas Fitness Challenge, deporting minority groups who want to harm Texas culture and bringing 24/7 praise and worship into the Texas capital as a means to fight this spiritual war.

4. Should our Texas state government create an efficiency team (DOGE) that will use computer technology such as AI to expose fraud and waste within government agencies?

Answer: Depends. Many of the companies who develop technology and AI are also the ones subverting our state and country. I will establish a human DOGE of the younger generation to look at fraud. Their experience will last for many generations in our culture.

5. What strategies do you have to increase deportation efforts in Texas in accordance with the current federal government ICE efforts?

Answer: The strategies we used 20 years ago in Iraq, as a Navy SEAL would solve this problem in one weeks time. The problem isn't the strategies, it's the enforcement of current law. As someone who has been behind the gun before, I am ready and willing to make and enforce the laws that may be unpopular. War will never look good on the nightly news, but it's also necessary. as the same goes, "All is fair in love and war". This is actually an easy problem once Texans put their hand to the plow. The biggest challenge I see is that Texas citizens will fight against the work their government is doing.
