| <b>Answer: Continuing to work with the Trump administration and ICE on border security and immigration enforcement. Last session I voted to triple border security, designate drug cartels as terrorist organizations, and passed a law that empowered Sheriffs to work with ICE to arrest illegal immigrants. There is still work left to do to undo the disastrous consequences of Biden-era immigration policies</b> |
| <b>Continuing work on Make America Healthy Again legislation. Last session I worked with President Trump to pass the strongest legislation in the nation to promote nutrition education, labeling requirements for ultra processed food additives, and remove harmful additives from school lunches. I look forward to continuing to work on legislation to Make Texas Healthy Again.</b>                               |
| <b>Continuing to work on child and family issues; including parental rights and crime and abuse related issues to help victims. |                                                                                                                                                                                                                                                                                                                                                                                                                         |

4. What key public state issues do you think need to be addressed by Republicans in 2026-2027, such as AI data centers impact on electricity rates, fraud in state government social programs, DEI, medical rights, infrastructure, etc.?

**Answer:**

**Property Taxes. I'm proud of the work that the legislature has done in previous sessions to lower property taxes, including the increase in homestead exemptions I voted for last session. More work is needed to ensure that Texans are not taxed out of their homes.**

**School Finance. Last session I voted for pay raises for public school librarians, counselors, nurses, and teachers. In the next session, we'll have a better idea of the public interest in the school voucher program, and work will need to be done on both public school finance and the school voucher program.**

**Restoring our foundational values. Last session, I voted to bring back the Ten Commandments in classrooms and allow students prayer time in school. Texas conservatives want to see a return to our foundational values, and I look forward to working on legislation in the next session to see more great laws like this for our families.**

5. What is your strategy in working with the Texas Senate to get more of the Texas GOP legislative priorities passed in the next legislative session?

**Answer: I have authored dozens of bills into law; each of which requires working with a Senate sponsor, with Lieutenant Governor Dan Patrick as President of the Senate, Committee Chairs and Senate members for the bill to see passage in the Senate.**
