This questionnaire will be posted onto the Conservative Coalition of Harris County website for public voter viewing.

Candidate Name	Position that Candidate is Running For
Lloyd Wayne Oliver	Harris County District Attorney

Please give your answer to each of the following questions and please include your rationale with each answer. Please be concise & clear.

1.

1.	Please describe the qualifications and experience that make you the best candidate for the Harris County District Attorney's office.
	Answer: Criminal Trial Lawyer 25 years Doctorate degree in law 5th generation Texan Resident of Harris county 50+ years

2.

2.	Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).
	Answer: The most significant issue in the race is the lack of Respect for the Law. The problem starts at the top. Our present DA is openly homosexual female with no moral authority and no respect for the law. The Sheriff and Chief of Police enforce the laws they choose. The Criminals do not obey the law and crime is rampant in Harris County. I am running for District attorney because I don't want to see Houston become another Chicago. We deserve better. I am the only candidate who can and will make this happen. The other Republican candidate cannot defeat the Democrat. I can.

3.

3.	Please identify the biggest challenge the District Attorney's office faces and describe how you plan to address it.
	Answer: The biggest challenge faced by the DA's office is morale. The assistant district attorneys do not care because there is no moral leadership at the top. Since the present DA has been in office we have lost many good prosecutors. They have been replaced by individuals much like her. We must rid ourselves of those who do not produce convictions and we must provide our assistant DA's need more continuing legal education.

4. Please list the top 2 or 3 programs/projects that will be your focus in the upcoming term. Describe why they are important, and the funding issues associated with each.

Answer: During my first term in office, I would provide the assistant district attorney's with the best training and continuing legal education possible. We would become the best fighting team in the State of Texas. Morale would soar and the citizens of Harris County would win. This can be funded with the assets we have available.

In the Harris County courthouse, 90% of the courtrooms are vacant after 12 o'clock noon. This would stop. The felony and misdemeanor counts would be in trial all day and every day. The funds are available for this.

5. What is your strategy to combat the increasing threat from drug cartels in Harris County? Do you support an effective program for identifying criminal illegal aliens and processing them with ICE for deportation from Harris County?

Answer: Gangs and drug cartels cannot exist where there is respect for, and enforcement of, the law. Illegal aliens are easy to identify. We must remember, they broke into our country and broke the law. After they are identified and fingerprinted, turn them over to federal officials for deportation.

6. The current DA Ogg has instituted several initiatives such as the [Misdemeanor Marijuana Diversion Program](#) (MMDP), [high dismissal rate](#), and Harris County's [controversial bail bond settlement](#). What changes will you initiate to these and any other potentially problematic programs instituted by DA Ogg?

Answer: DA Ogg has numerous problems.

We must remember that marijuana is a gateway drug. . The police arrest the criminals for drug possession. They are given a free bond and appointed a free attorney. The defendant goes home at no cost and no lesson learned. He re-offends and this time using a more serious drug. This must stop. We must enforce the law or change it.

7. Is additional collaboration needed between the county DA office and federal prosecutors? What steps will you take to ensure better communication/collaboration with the Federal agencies?

Answer: Federal and State prosecutors must work together or the criminal is not arrested, prosecuted or punished.

8. What are your strategies to improve case load processing and increase conviction rates within the DA office?

Answer: Again, case load and conviction would increase if the courts work 8 hours a day, five days a week . Some of the departments within the DA's office need to be abolished. We don't need a hate crimes division. All crimes are hate crimes. There is a duplication of effort and overlapping of responsibility

9. What additional resources are needed for the DA office from county government?

Answer: When the District Attorney's Office does not produce, Harris County government does not provide resources.
Provide paralegals and investigators for the individual assistant district attorneys.
We will get more convictions and the citizens protected.
