Please give your answer to each of the following questions and please include your rationale with each answer. Please be concise and clear.

1. Please describe the qualifications and experience that make you the best candidate in your political race.

Answer: I was raised in the 29th district. I have first hand experienced and seen the need in this district. I have risen above all adversities and can say that I am the change that I want to bring to this district. I prepared my self by educating my self and apply what I have learned from my mentors. I have always been a republican, the values I was raised with identified me as such. I went to school to earn a Bachelor in Bible, while also attending U of H Clear lake for ESL Education. I served as a Bible coach teaching the youth to memorize scripture and competing in state level and advancing to Nationals levels. This was a passion for me to see how it was fun and challenging for the youth to always have these verses memorized and applied in their life. I knew that there was other ways I could help bring change in the community, while investing. I started buying real estate to flip from the age 26 and rented it then sold after 2 years. I then moved up to multifamily and was able to interact with more families. As a real estate investor I learned to create passive income to cover my salary and could focus my time attending to help others. I have been blessed to travel to over 30 countries for mission work in orphanages to speak, attend prayer breakfast make connections with people in the religious sector such as Pastors, Rabbis , Imam, Monks and Popes. I have meet with politicians by being invited to the E.U Parliament, The Knesset in Israel, the Romanian parliament, the Hague in the Netherlands. I have been trying to have the Republican Party Support me. I have volunteered helping campaigns, the RNC in 2016, RPT Hispanic division by collecting data, why Hispanic vote democrat. I was a delegate for Texas 2020 RNC that was also effected because of Covid. I have attended all of the Texas Rep Conventions since 2014 and been a delegate. I ran for the 29th in 2018 lost the primary and 2020 became the nominee a year of Covid where Fear had griped the people and the country shut down. I chose this district because it has been 77% Hispanic, the people I know and want to see them rise up by giving them a hand up and educating them. I am still in the fight and will not give up until I unseat Sylvia Garcia. I need the help of the Rep party and all the Religious organizations to all help in bringing back to our nation freedom and biblical principles. I will go to Washington to write and pass the best immigration law this nation has ever seen. To protect America from terrorist by making sure we secure the boarder. To vote for the interest to improve the life of the citizens of the 29th district of Texas.

2. Please explain what you believe are the most significant issues in this race, why you are running for this position and what differentiates you from the other candidate(s).

Answer: *Slyvia Garcia and the Democrats in Congress have worked to fundamentally change America. We are witnessing a supply chain crisis AND a crisis at the border. Answer: *Joe Biden and his socialist partners in the House are attacking our economy, stifling growth, costing us jobs. I believe in free market principles that allows our economy to grow and thrive. 5. Please describe your plan for balancing the federal budget. What budget items need to be cut (i.e. social programs) and what taxes and fees need to be increased?

Answer: *To balance the budget, we must dramatically cut the size and scope of the Federal Government. Spending is the problem, and we must be willing to make aggressive cuts to discretionary spending and mandatory programs.*

6. Should the federal government finance and build the border wall with Mexico? Should they allow the remaining materials from the Trump administration to be used by the state of Texas?

Answer: *Yes. We must secure our border – that means building a wall and giving Border Patrol Agents the resources they need.*

We must create an environment that encourages economic opportunity for all and continue to fight so that Americans keep more of their hard-earned money.*
11. Should the Biden’s administration have the power without congressional approval to create and enforce vaccine mandates?
Answer: *The federal government has no right to mandate vaccines. Americans should have the right to make the best decision for themselves when it comes to getting the vaccine.*
12. Should the US Congress legislate that November elections are under Federal control rather than the states regulating their own elections? What is the Federal government’s role in setting voting rules and procedures for these elections, if any?
